

## Taft Hits Re-Arming Of Europe In Pact

### Senator Says He May Vote Against Pact

Washington, July 8—(AP)—Senator Taft (R-Ohio) said today he is "absolutely opposed to providing arms for Europe" and for that reason may vote against the North Atlantic treaty.

But Senator Lodge (R-Mass) told the Senate that "to reject the pact would be a step fraught with the most colossal danger."

Lodge said the United States should go ahead with the military aid program even if the 12-nation Atlantic treaty should be rejected.

### Accuse State Department

Angry charges that the state department resorted to subterfuge in discussing the treaty and the proposed \$1,450,000,000 arms program flew on the Senate floor as the four-day-old debate continued.

Senator Donnell (R-Mo) shouted that Secretary of State Acheson and state department officials, testifying before congressional committees, have followed a "designed policy" of trying to keep the treaty and the arms program apart "when in fact one is dependent on the other."

He said their language on this question has been "carefully guarded."

Senator Watkins (R-Utah) said he agreed with Donnell that approval of the pact will carry with it a commitment to help Europe re-arm.

Watkins said the European nations expected to receive American arms when they signed the treaty last April 4.

### First Major Roadblock

Taft's warning that he might oppose the treaty marked the first major roadblock on the smooth highway to ratification of the North Atlantic defense treaty.

Senate leaders had previously forecast little more than token opposition when the vote comes early next week.

But Taft, as chairman of the Senate GOP policy committee, commands strong influence among his Republican colleagues, and administration leaders foresaw the possibility that others might follow his lead.

Taft told newsmen: "I may vote against the pact, but I have not finally decided."

"At one time I thought the treaty could be separated from the arms program. Now I am beginning to think it cannot."

Both Senators Connally (D-Tex) and Vandenberg (R-Mich.), the state's top leaders in foreign affairs, have assured senators that the two programs are not inseparable and that anyone who votes for the treaty will not be obligated to vote for the arms program.

## Says Tokyo Rose Employment Card Is Not Evidence

San Francisco, July 8—(AP)—Defense counsel for Tokyo Rose objected today to introduction of an employment card into her treason trial as evidence she had worked for radio Tokyo during the war.

The government, said Defense Attorney Wayne Collins, failed to lay a proper foundation for identification of the card. It had failed to produce the man who made out the card.

Yukio Ikeda, now personnel manager of radio Tokyo, identified the card for the government. But, said Collins, Ikeda didn't employ Mrs. Iva Toguri D'Aquino, who became known as Tokyo Rose. He didn't know her, and he didn't know who made out her employment card.

Out of court Collins told reporters he was not challenging the fact that Tokyo Rose had worked for radio Tokyo. He said he merely wished to have rules of legal procedure followed strictly in her treason trial.

Mrs. D'Aquino, who was born in Los Angeles, was indicted because of her war-time radio broadcasts to American forces in the south Pacific.

## Berlin Military Leaders To Meet

Berlin, July 8—(AP)—The four military commanders of Berlin agreed today to meet next Tuesday in a search for ways to restore affairs of the divided city to normal.

Maj. Gen. Alexander Kotikov, the Soviet commandant, notified the United States, British and French commandants the date was acceptable.

The four governments have instructed the officers to seek ways to reduce the problems of twin rule, twin currencies and twin economies that grew out of the east-west split in 1948.

## Italian Police Quiz 'Lucky' On Dope Ring

Rome, July 8—(AP)—Charles "Lucky" Luciano, former New York vice king who swears he's going straight, sought today to talk his way out of jail and more trouble.

Police in gloomy, old Regina Coeli (Queen of Heaven) prison, Rome's "Sing Sing," questioned the dapper ex-racketeer in connection with a purported narcotic smuggling plot financed from New York.

Protesting his innocence, Luciano was taken from his cell for further quizzing tonight in downtown police headquarters.

Police said no evidence had been found to link Luciano with the suspected international dope ring.

Earlier, Italian authorities said Luciano would be exiled to his old home town in Sicily, Lercara Friddi, regardless of the outcome of the inquiry, "because his presence in Rome is a crime threat."

Tonight, however, Oreste Barrancos, chief of the police Mobile squad, said Luciano's deportation to Sicily, is "not yet certain."

Barrancos said Ralph Liguori, 43, a reputed former New York underworld figure and friend of Luciano, also had been detained for questioning.

Luciano, now 51, bespectacled and natty in a green gabardine suit, calmly denied he had gone off the straight and narrow path since he was deported from the United States in February, 1946.

He said he did not know one Charles Vincent Trupia of New York, arrested June 25 at Rome's airport. Police said Trupia had Cocaine valued at about \$500,000 hidden on his person.

"The name sounds familiar," Luciano was quoted by police as saying between puffs on a cigarette, "but I don't know him."

Trupia's arrest disclosed a secret international investigation into a ring funneling narcotics from most of Europe into the United States.

## Union Turns Down Inland Insurance

Pittsburgh, July 8—(AP)—Inland Steel company of Chicago offered its 16,000 workers a pension and insurance plan tonight but the CIO-United Steelworkers said they would turn it down.

The Inland Steel offer was the only departure from U. S. Steel corporation's flat "no" on both wages and pensions. Other companies joining to reject the steelworkers' demands were Wheeling Steel Corp., Youngstown Sheet & Tube Co., Crucible Steel Company of America, and Bethlehem Steel Co.

The union announcement that it would reject Inland's offer, which did not include a pay raise, still made a strike of about 500,000 employees of 189 steel producing companies likely July 16 unless the government takes action to avert it.

July 16 is the deadline for agreement on "rates of pay" and insurance provisions which were reopened under the current contract. The pact permits a strike.

Joseph Jenkes, international representative of the steel workers, said Inland's proposal will be rejected at a conference Monday morning. He said the union would proceed with plans to strike July 16 if the company's position is not changed.

Jenkes declared the company's proposal amounted to less than one cent an hour, although a company estimated it would cost Inland \$12,000,000 or 40 cents per employee-hour worked.

Inland offered a \$5,500 group life insurance plan plus other insurance benefits, said it would match primary social security benefits for workers with 20 or more years' service up to \$50 a month, and pay about two-thirds of the cost of retirement income for workers retiring at 65 with 35 years' service.

Jenkes said Inland's proposal is inadequate because it calls for compulsory retirement at age 65 and for contributions by employees. He said the union seeks a pension of \$150 with no employee contribution. He described Inland's offer as about 25 per cent of the union's pension demand.

## Illinois Power Co. Directors To Meet To Okay Pensions

Decatur, Ill., July 8—(AP)—Illinois Power company directors will meet July 25 to approve a pension plan for 1,625 of the firm's 2,700 employees.

Under the plan, employees would be eligible to retire at the age of 65. Allen Van Wyck, company president, said they may work an extra five years with the company, however.

Under the plan, eligible employees would be paid at a rate of one per cent of their monthly earnings for each year of eligible service before July 1. This year, when the plan would be made effective, for future years the rate would be one per cent of monthly earnings or less than \$250, and two per cent of monthly earnings or more than \$250.

Employees would contribute two per cent of their monthly earnings up to \$250, and four per cent of their monthly earnings in excess of \$250. The cost to the company in putting the plan into effect would be about \$550,000 Van Wyck said, and the company would contribute hereafter about \$250,000 annually.

## Teachers Reaffirm Ban Of Communists In 2,995-5 Vote

Boston, July 8—(AP)—American school teachers reaffirmed their ban on communists in a standing vote tonight—about 2,995 to 5—despite one voice of warning they would set up a "blacklist" which would "undermine" their dignity.

Delegates rose to their feet on the final day of the National Education association convention after one of their number, Robert W. Clark of Philadelphia, said he wanted to see who would "stand up for the things we believe in."

The vote was on a resolution barring communists as teachers in the nation's schools and from near membership, but at the same time reserving for loyal teachers the right to "think for themselves."

When President Mabel Studebaker called for those opposed to stand up there were a few scattered standees but it was not clear whether they all stood as voters or merely as spectators. Miss Studebaker said she counted five standees in opposition.

## Congress Approves Truman's Gigantic Housing Program

Washington, July 8—(AP)—Congress approved today the administration's gigantic housing bill—a nationwide project designed to help provide better homes for "millions of families." It awaits President Truman's signature.

House and Senate rapidly passed the legislation by voice vote after compromising their differences.

The government has promised quick action once the bill is signed. The Federal Housing administrator, Raymond M. Foley, has scheduled a "rapid start" on the bill's low rent public housing feature. He wants to get 50,000 units under way within 12 months.

Final passage gave President Truman the first major victory for his domestic program in this congress. The bill had the strong support of Republicans in the Senate, which had approved similar legislation in 1946 and 1948 only to see it die in the House.

The bill, estimated to cost from \$10,000,000,000 upward over a period of decades, provides for 810,000 public housing units. These would be available to low income families by aid of government rent subsidies. It calls for a vast slum clearance program, help in farm housing, and research to work out cheaper ways to build houses.

Jackie Robinson, negro star of the Brooklyn Dodgers, said today he will fight for the U. S. against Russia or any aggressor because "I want my kid to have the things that I have."

Robinson, the first negro to break into the major baseball leagues, has been invited by the House un-American activities committee to appear before it next week.

"I'll be very glad to tell the committee how I feel," Robinson said in New York.

The House group invited Robinson and other prominent negroes to "give the lie" to singer Paul Robeson.

During a recent European tour, which included a visit to Moscow, Robinson said he loved the Russians and asserted that American negroes would refuse to fight a war against the Soviets.

Robinson strongly disputed Robeson's assertion that negroes would refuse to bear arms in the event of a conflict with Russia.

"Paul speaks only for himself," Jackie said.

## Navy Plane With 9 Aboard Crashes In Flames Into Sea

Balboa, Canal Zone, July 8—(AP)—A U. S. Navy PB-M Mariner patrol plane, with nine persons aboard, crashed in flames into the Caribbean sea while making a test flight today.

Five hours later only one body had been recovered. The plane crashed in flames into the sea shortly before 1 p. m. near Coco Solo and about 20 miles northwest of a U. S. Naval air station.

Within 15 minutes rescue operations were under way.

The public information office for the 15th Naval District headquarters said the control tower at Coco Solo had sighted smoke between 10 and 20 miles to the northwest. This followed a report from the plane it was on fire.

A rescue plane dropped a raft in the vicinity of the crash. Ten minutes later another rescue plane reported sighting the wreckage. The rescue flights were under the first rescue squadron of the Caribbean Air command, which specializes in such operations.

Waterloo, Ore., July 8—(AP)—James W. Smith, Civil War veteran and retired miner, reached his 107th birthday today—in good health except for his teeth.

They bother him enough so that last year he had to stop splitting wood and raising chickens.

"Feels pretty good to be this age," he said today. "Life is still all right at 107, and I may make it 108."

## HOSPITAL PATIENT SUFLOCATES

Dixon, Ill., July 8—(AP)—Charles Guy, 30, a patient at the Dixon State hospital, was suffocated today when he fell into a coal bin with several tons of coal which had been released from a hopper.

Working on top of the coal in the hopper when it was released into the bin, Officials said he apparently did not hear warning shouts.

## EDS HALT TRUCKS

Hamburg, Germany, July 8—(AP)—The Russians tonight halted all trucks bound for western Berlin through a zonal border crossing point near Luebeck, an official announcement said.

A check of other border crossing points showed interzonal traffic was proceeding normally.

## Hiss Perjury Trial Ends As Jury Fails To Agree

### Report Truman Will Set U. S. Production Goal At 300 Billion

Washington, July 8—(AP)—President Truman will set a lofty production goal for America in his forthcoming message to congress, it was reported today.

Persons in close touch with the framing of economic policy predicted he will call for the output of some \$300,000,000,000 in goods and services a year. This would be 18 per cent above the present rate.

The President is expected to emphasize that solid prosperity and high employment must be built on a constantly rising national productivity.

The message, due on Capitol Hill Monday, is a semi-annual report required by law, but this one has attracted much attention because of anxiety over declining economic trends.

The reported production target deals with total rate of output of goods and services, or what economists call the "gross national product."

Of high importance, its achievement would call for a reversal of today's downward production curve. Gross output dropped \$11,000,000,000 in the first quarter of this year from the \$264,900,000,000 rate attained in late 1948.

The President will stress anew, it was stated, that the economy is healthy and still running close to the all-time peak rate of last year.

But the message will take sober note of the rise in unemployment in recent months. It will recommend measures which Mr. Truman believes will not only speed long-term growth but prevent the localized

aches and pains of joblessness from becoming a grave and chronic ailment.

Further, it was learned that at least eight Democrats in the senate will follow up Mr. Truman's message by introducing the eighth and final version of a proposed "economic expansion act of 1949."

The bill, as it was announced earlier, would provide federal loans to expand or develop a dozen or more basic industries. It also would authorize the building of plants for lease to private firms; the channeling of defense contracts and federal works into "distressed" areas; loans to help payless families move out of such areas; and several other federal moves to combat unemployment.

## British Trade Machinery For Grain From Russia

London, July 8—(AP)—Britain has agreed to trade Russian machinery for nearly a million tons of Russian coarse grains and a big quantity of wheat, official British sources said today.

Disclosure of the barter deal with Moscow came as John W. Snyder, United States secretary of the treasury, began talks with government leaders here on Britain's dollar crisis and world trade.

Britain bought 750,000 tons of coarse grains—rye, barley, oats and corn—from Russia last year under a pact concluded in December, 1947, and officials emphasized the new deal represents no change in policy.

What is new is that it also involves wheat—which Britain buys for dollars from the United States and Canada.

In Washington, the U. S. state department said it had been informed the British were considering a wheat purchase from Russia. Such a deal would be consistent with the 1947 Anglo-Russian agreement and "the one-year contract seems to be a perfectly normal supply proposition," Press Officer Michael McDermott said.

The British officials declined to say how much wheat was involved, except that it was a "big amount."

Replying to questions, they said it was a "matter of course" that the goods Britain will furnish Russia in return will not include items of potential military value.

Snyder, who arrived from Paris this morning, spent almost four hours this afternoon hearing Sir Stafford Cripps and other government leaders explain Britain's loss of dollar reserves despite substantial Marshall plan aid.

Cripps, chancellor of the exchequer, announced Wednesday a "standstill" on all but urgent new buying for dollars because the sterling area's gold and dollar reserves had sunk to \$1,624,000,000.

The colonial office announced today the imposition of similar restrictions on all Britain's 36 non-self-governing colonies.

## Says Aiken Farm Price Act Could Wreck US Economy

Washington, July 8—(AP)—The House agriculture committee declared today that Secretary of Agriculture Brannan would be legally "fancy-free" to wreck the nation's farm economy if the delayed-action Aiken farm price act is allowed to take effect next year.

The committee added quickly it did not intend to suggest that Brannan would do so. It asked, however: "Who knows how long he wishes to serve as secretary of agriculture or who his successor will be?"

The committee offered its views in a formal report recommending passage of the Pace crop pricing bill, less than 24 hours after farm lawmakers in the Senate had reached a tentative agreement with Secretary Brannan on a much different measure.

The aim in both houses was the same—to help the farmer hold his price lines in an uncertain market. But the ways they proposed to accomplish it were far apart.

Significantly, both the House and Senate plans contain some elements of the administration farm program advanced by Brannan himself this spring.

## Noted Educator Missing In Plane

Fairbanks, Alaska, July 8—(AP)—Six days after their disappearance on a "tourist" hop from Fort Yukon to Fairbanks, Dr. Melville T. Cook, Louisiana State University educator, his wife and their pilot were missing today.

An almost ceaseless plane search through the long hours of summer daylight at this latitude has covered thousands of square miles, with no trace of their small single-engine ship.

Dr. Cook, 79, botanist and author, is widely known in his field.

## Hiss Will Be Tried Again; No Date Set

New York, July 8—(AP)—The Alger Hiss perjury trial ended at 7:01 P. M. (CST) tonight in a jury disagreement.

The jurors were split eight to four of convicting the former state department official after weighing his fate for nearly 29 hours.

U. S. Attorney John F. X. McGohey announced that Hiss would be tried again.

Accused of Lying  
Hiss was accused of lying when he denied to a grand jury that he gave secret state department papers to ex-communist courier Whittaker Chambers for transmittal to a Soviet spy ring.

James F. Hanrahan, one of the jurors who voted for conviction, said "eight of us pounded the hell out of the four since last night but we could not get anywhere."

Hiss was smiling faintly when he left the courtroom following discharge of the jury by Federal Judge Samuel H. Kaufman. His wife, Priscilla, however, appeared close to tears.

When the tall, 44-year-old Hiss was asked for comment he replied only "not now."

The couple left the federal courtroom with Timothy Hobson, Mrs. Hiss' son by a previous marriage. They did not say where they were going.

Ball Continued  
It was learned earlier that Hiss had been working on a statement which he planned to read if acquitted. McGohey said Hiss' \$5,000 bail would be continued.

Defense Counsel Lloyd Paul Stryker declined to comment on the outcome of the trial.

"Good night, gentlemen," was all he said as he left the building.

Twice before reporting their final failure to reach a verdict the jurors had told Judge Kaufman they were deadlocked. Each time the judge ordered them to make another attempt.

McGohey said Hiss will be retried as soon as possible.

The case will be kept on the regular calendar pending what the situation is with respect to available judges," he said.

There were indications, however, that a retrial might not come before October.

Only yesterday the conspiracy trial of Judith Coplon and Valentin Guitchev was postponed until Oct. 15 because no federal judges were available to preside until that date.

## Truman To Address National Shrine Meet In Chicago

Washington, July 8—(AP)—The White House said today that President Truman will speak for 20 minutes starting at 3 p. m. (CST) at Soldier Field July 19 when he flies to Chicago to address the Diamond Jubilee convention of the National Shrine.

He also will speak informally at a Shrine dinner that night at the Hotel Stevens.

Charles G. Ross, the President's press secretary, said the Soldier field address will be broadcast by principal networks.

Mr. Truman will leave Washington in the White House plane, the "Independence," around 10 a. m. (CST) on the flight to the Chicago Municipal airport.

The President will go immediately from the airport to Soldier Field to witness a Shrine ceremony and speak.

STATESMEN COULD LEARN FROM  
WHAT DIMAGGIO DID TO BOSTON

Just when you're ready to give up looking for a big  
story without a Communist hidden somewhere in the pile  
of type, along comes Joe DiMaggio.

Joe proceeds to carve himself an unforgettable niche  
in 1949 history, and there's not a thing in the world that  
Stalin or Vishinsky or any of their comrades can do about  
it.

Of course, making a splash is nothing new to Joltin'  
Joe, long a fixed star in the baseball heavens. But this time  
it's different. The big fellow's been having trouble with a  
bad heel and a lot of people are starting to wonder if he'll  
ever play again.

Maybe Joe is worried too. He decides to force the is-  
sue a little. He gets a special shoe made for his trouble-  
some right foot. Thus equipped, he edges his way back into  
the New York Yankees' lineup and goes up to Boston for  
a meeting with the hot Boston Red Sox team.

It's a crucial spot for DiMag. He's out of condition  
from inaction and hasn't seen any fancy pitching for  
months. And here he is, facing a flashy new Red Sox  
pitcher.

Joe passes his first test with a ringing single and  
rumps over the plate on a teammate's homer. Next time  
up he finds a mate on base ahead of him. Now he slams  
a drive over the left field wall to count two runs and give  
the Yanks their margin in a 5 to 4 victory.

The fans and the sportswriters cheer the hero's come-  
back showing. But it isn't enough for Joe, who wants  
things a bit more definite.

The second day out the Red Sox leap to a 7 to 1 lead  
early and seem sure to win. A confident Boston hurler  
walks a couple of Yanks in the fifth, and up comes DiMag-  
gio again. He plants a big smash over that left wall for his  
second homer of the series and his team is back in the  
game.

Soon after that the Yanks make it a 7-7 tie and Joe  
has another turn. Result: a screaming drive that clears a  
60-foot-high wall and screen and wins the game for New  
York.

Like the others, the third game is close. Leading 3 to  
2 in the seventh inning, the Yanks get two men aboard the  
bases. Once more Joe steps to the plate, this time against  
Mel Parnell, Boston ace.

With a count of three balls and two strikes, DiMag  
crashes a terrific liner to left that smacks an electric light  
tower for a three-run homer and a third straight Yankee  
triumph.

That's the story. In three games, Joe hits four home  
runs, all decisive. He collects five hits altogether and drives  
home nine runs. Single-handed he dumps a sizzling Boston  
team on its ear. And remember, he's out of practice and  
he's got a bad heel.

Joe's success was achieved in the tight little baseball  
world, where events don't resemble too closely the bigger  
realm of national and world affairs.

In Joe's world, action is direct and conclusive. Usual-  
ly when you play nine innings you get a result. It is clear—  
nobody argues about what nine or seven means. Each day's  
effort produces decision, neat and complete.

Our statesmen might say that, given some talent,  
achievements in this compact world of Joe's aren't exactly  
startling. After all, it's only a game.

But we wouldn't agree. Skill and grace and wit and  
courage are always a lesson, no matter how small their  
arena. It might be a healthy thing for some of our timor-  
ous statesmen to take a good look at Joltin' Joe, a spunky  
fellow all the way.

Its Life-Span

Has Never Been Measured!

White sidewall tires available at additional cost.

Now and then, a person who is about to take delivery of a new Cadillac inquires as to the period of time he may logically anticipate using it.

Our answer is that we do not know—for the life-span of a Cadillac car has never been accurately measured.

There is evidence in abundance that, with proper care and reasonable usage, the life of a Cadillac is far beyond all normal requirements.

Recently, for instance, four Cadillacs of the 1942 series were retired from the testing fleet of one of

the great tire manufacturers. The four of them had traveled a total of 2,599,413 miles—an average distance of almost 650,000 miles per car.

None of them was retired for disability. Each went into general service after leaving the testing fleet.

But, of course, the endurance of a Cadillac is only half the story. The manner in which the car performs is equally vital to the owner's satisfaction.

Not only can you keep a Cadillac for a long, long time—but your enjoyment of it will likewise endure.

### Yankees Continue To Win Despite Flock Of Injuries

New York, July 8.—(AP)—Nobody's hollering "Break up the Yankees" this time—they've been broken up all year.

If Casey Stengel's Athletics should ride their present success streak to the American League pennant it would be the greatest triumph in baseball history for the combination of shin splints, adhesive tape and arnica.

The team physician, Dr. Sidney Gaynor, probably would reserve a bust in the hall of fame.

Thirty-nine times, by actual count, the team has had a regular struck down by injury. No member has played in every game. But the club has rolled up a five-game lead in the junior circuit.

The most eminent of the casualties, of course, was the \$90,000-a-year ball hawk, Joe Dimaggio. Joe missed half the season with an injured heel and then came back ten days ago to start knocking the ball out of the park again.

Outfielder Charles (King) Keller was out just as long with a wrenched muscle in his right side. He recently was recalled from Newark, where he was sent to readjust himself while recuperating.

Tommy Henrich, the old reliable who started in the outfield and moved into first base, is on the hospital shelf now with a bruised left knee and injured ribs. He fell into a dug-out going after a foul July 1.

Few of the roster have been spared the distinction of a dislocated joint or a transient muscle.

Catcher Yogi Berra and shortstop Phil Rizzuto spend their idle moments comparing contusions and abrasions. They're the most taped up of a heavily taped-up lot.

CHARLES DUE

STANFORD SPOTTS

Two Jacksonville young men to play ball with the local top baseball club, played end for All-Moose independent baseball team for the remainder of this summer. Due—a catcher—has been attending Illinois college for the past two years. Very prominent in athletics, Jack Rossiter, veteran Springfield scout, journeyed to Jacksonville Wednesday evening for the express purpose of getting Charles Due and Stan Spotts' names on the dotted line.

Describing the two Jacksonville young men as "the best material he has seen in action this summer," the scout told the lads that they would probably not be called to a minor league team this season, but would go to a Washington training camp in Florida next January. From Florida the boys will be named to teams in the Nat farm system.

Both Spotts and Due will continue to play ball with the local top baseball club, played end for All-Moose independent baseball team for the remainder of this summer.

## Locke, Bradshaw To Play Off Tie In British Open

Sandwich, England, July 8.—(AP)—Bobby Locke of South Africa, and Harry Bradshaw of Ireland came back from oblivion today to tie for the British Open golf championship with record-equaling scores of 283. They meet in a 36-hole playoff tomorrow.

Five strokes off the pace in a seven-way deadlock for 12th position as the field entered the last half of the 72-hole classic this morning, they shot identical totals of 69 and 70 in a dramatic windup of the sandy, windswept Royal St. George's course.

Frank Stranahan of Toledo, Ohio, captured the silver medal for finishing as the low amateur with 71-73-74-72-290.

The only other American in the field of 31 still firing today—Professional Johnny Bulla of Phoenix, Ariz., and Pittsburgh, Pa.—faded out and wound up with 71-73-76-79-299 in the race for the title vacated by Henry Cotton.

Roberto De Vicenzo of Argentina, who posted a 72-hole score of 68-75-73-69-285, was third.

England's hopefuls also wilted before the sharpshooting of the visitors from overseas. British Ryder Cupper Sam King, who led by two strokes after 36 holes, shot 74 and 72 today for a 186.

## Yanks Edge Nats 4 To 3 In 12th

New York, July 8.—(AP)—Joe Page's 12th inning single scoring Bill Johnson from third base gave the New York Yankees a 4-3 victory over Washington tonight, boosting their American League lead to six full games.

Johnson led off the 12th with a single off Eddie Yost's glove and Gene Woodling beat out a bunt single. After George Stinewiss' grounder to first base advanced both men, Page came through with his game-winning single off Mickey Harris.

Harris, who went the route, missed a chance to nail down his first win for Washington when Joe DiMaggio singled home Phil Rizzuto with the tying run in the ninth. Stinewiss drove home the first Yankee score in the third and Johnny Lindell accounted for the other New York run with his fifth-inning homer.

## ASHLAND

Ashland—Mr. and Mrs. Herschel Clark and family, Mr. and Mrs. Gene Clark and Mr. and Mrs. Bradley Clark attended the Weatherford family reunion in Louisville, Ky., Monday.

Mr. and Mrs. Paul Hammack and daughter Sandra returned home Monday from a nine-day visit in Denver, Colorado, at the home of the former's mother, Mrs. Phoebe Hammack, and his sisters Mrs. Ella D'Camp and Mrs. Cecil Jones.

They were accompanied there by Miss Pauline Hammack of Alton, and Mrs. Vern Michael of this city, who visited in Colorado Springs, Colo., at the home of her brother, Mr. and Mrs. Elmer Stevenson, and other relatives.

Rev. Al Anderson, pastor of the local Baptist church, is spending this week in Chicago with his family.

## Indians Scalp Browns 6 To 3

St. Louis, July 8.—(AP)—The Cleveland Indians staged off two late rallies by the St. Louis Browns tonight to win, 6 to 3, and register their eighth victory in their last 10 games. A two-run homer by Larry Doby in the first inning supplied the margin of victory.

The last place Browns out-hit the world champions, but four double plays reduced their scoring opportunities.

Early Wynn was given a six-run lead and he blanked the Browns until the seventh when pinch batter Stan Spence doubled home two runs. After BMB Dillinger singled Spence in, Gene Bearden took over, but he too was routed in the eighth. The veteran Al Benton finally got the Browns under control.

Doby's round tripper was his 13th of the season and followed a double by Mickey Vernon.

The victory pulled the Indians to within a half-game of the second place Philadelphia Athletics.

## White Sox Whip Detroit 3 To 1

Chicago, July 8.—(AP)—Billy Pierce, 22-year-old southpaw, handcuffed the Detroit Tigers on five hits here tonight at the Chicago White Sox scored a 3-1 victory in the series opener before 14,183 persons. Bob Swift's second homer was the only run Pierce allowed his former teammates in gaining his third victory.

The White Sox scored twice in the second inning, blending Cass Michaels' leadoff single with two errors by George Kell and Bobby Rahn's force play grounder.

Young Ted Gray, who suffered his sixth loss, surrendered four hits in the fourth as Rahn's single accounted for the third and last run. Swift's homer, a blast into the lower left field pavilion, was posted to open the Detroit third. Thereafter the Tigers got only one runner as far as third base in suffering their fifth loss in 11 games against Chicago.

Dizzy Trout allowed one hit in the final two innings after taking over when Gray was sidetracked for a hitless pinch batter.

George Vico, Detroit first baseman, was banished in the third inning when he threw his bat into the second tier of box seats behind the Tiger dugout after protesting a decision by plate umpire Jim Boyer.

PLACED UNDER BOND

Fred Riley, who was arrested on a bad check charge Thursday evening was given a preliminary hearing before County Judge Fenstermaker. Riley pleaded not guilty.

The case was continued and Riley was placed under bond of \$1000.

## Bucs Win Seventh In Row From Cubs

Pittsburgh, July 8.—(AP)—The Pittsburgh Pirates stretched their winning streak to seven straight tonight as they defeated the Chicago Cubs 2-1 before a packed house of 36,366.

Little Vic Lombardi went the route, scattering six hits. The only Cub run was the result of Roy Smalley's homer.

Lombardi gave up two singles in the ninth after two were out but got pinchhitter Emil Verban for the final out on an infield fly.

It was the fourth win of the year for the former Brooklynite who has a reputation of improving as the season progresses. He has lost one.

Lombardi drove in what proved to be the winning run in the fifth with a looping single.

## Myers, Winchester Teams Clash To Open Nichols Park Tourney

The Jacksonville Myers Bros. softball team will tangle with the Winchester V.F.W. nine to ring up the curtain on the annual 16-team invitational softball tournament at Nichols park Sunday night. As in preceding years, the tournament is being held under the auspices of the local Recreation club which controls Southside diamond activities.

Myers Bros. will lead the 16-teams onto the field by virtue of being pro-rated the number-one nine among the contestants. It befall the Scott county boys to oppose the strong local aggregation because of their ninth place rating.

No Cash Awards  
There will be no cash awards tendered the winners in the high softball carnival. Prizes, this year, were held to a minimum.

The championship team will receive individual gold engraved softballs while the runner-up will be given a handsome trophy, appropriately inscribed.

The tournament will continue through next Sunday (July 17). Two games will be played each night, with the first getting underway at 7:15 p.m. and the second slated to go at 8:45. Teams will be given 15 minutes grace to field a team with forfeiture threatened should they fail to conform to this ruling.

Sunday evening's championship tilt will not coincide with the regular starting times of the preliminary tussles. A consolation game, between the semi-final losers, will get underway at 7:45 p.m. Sunday with the title-bout scheduled to run at 9:30 p.m. Jacksonville—for the benefit of out-of-town teams—is on standard time.

Springfield Team Rated Second  
The South Sixth Street Merchants outfit from Springfield, have been rated the number-two team in the tourney, and will lead the lower bracket. Critic Feed of Beardstown was awarded the third spot and will rest in the upper bracket with Myers Bros. Another local team, the Improvement Dealers, were named team number four and now loom as definite favorites in the bottom bracket.

Seven local teams, in all, have accepted invitations to participate in the tournament. Besides the two already named they are: Moose, House of Clay, Elks, K. of C. and Pepsi Cola. Out of town teams, besides Springfield and Beardstown, include Carrollton K. of C., Winchester V.F.W., Loami A. C., Phillips 66 of Roodhouse, Waverly K. P., Arenzville and the Carrollton Lions.

A Complete Tourney Schedule  
Sunday — Myers vs. Winchester and Carrollton vs. House of Clay.

Monday—Critic Feed of Beardstown vs. Elks and Loami vs. K. of C. (Jacksonville.)

Tuesday—South Sixth Street Merchants vs. Phillips 66 (Roodhouse) and Moose vs. Waverly K. P.

Wednesday—Improvement Dealers vs. Arenzville and Carrollton Lions vs. Pepsi Cola.

Sunday night's winners will clash Thursday evening in the initial game. Monday evening's victor will tangle in the 8:45 game Thursday.

Friday night will see Tuesday and Wednesday's winners tangle. The semi-finals will be conducted Saturday night and the championship is scheduled for Sunday evening.

## Red Sox Defeat Athletics 7-1

Boston, July 8.—(AP)—Junior Stephens clouted his 20th homer of the season as the rebounding Red Sox overcame the Philadelphia Athletics, 7-1, for their fourth straight victory tonight before a packed 34,276 crowd.

The Red Sox collected seven other hits, including a two-run double by Ted Williams, and eight bases on balls off three Philadelphia flingers.

Dobson gave a full effort, yielding six hits and seven bases on balls. But three snappy double plays, one with the bases loaded, enabled him to coast to his sixth win against eight setbacks.

Brooklyn, July 8.—(AP)—Brooklyn protected its National League lead tonight by nosing out the New York Giants 4-3, defeating Clint Hartsung for the first time in his major league career.

Peewee Reese's triple and Duke Snider's long fly broke a 3-3 tie in the sixth inning before 34,468, largest Ebbets Field night crowd of the season. Hartsung previously had defeated Brooklyn three times without a loss during his career.

The Brooks used three pitchers to subdue the Giants. Rex Barney was the eventual winner.

Henry Thompson, the Giants new Negro second baseman from Jersey City, went hitless in three attempts in his first appearance. He handled nine chances cleanly at second base.

## Fans, Miffed At Veck, To Watch Pirates Perform

Akron, O. July 8.—(AP)—An Akron jeweler who got into a rhubarb with the Cleveland Indians over purchase of season tickets has rounded up a railroad of local baseball fans to go to Pittsburgh Sunday for the Pirates' doubleheader with Chicago.

The six-car Pennsylvania railroad train will be identified through window banners as a "disgruntled Indian fans' special from Akron."

The student is Leo Santilli's Sunday punch at the Tribe and its master promoter, Bill Veck, whose missionary work has converted thousands of Ohioans into loyal Indian fans.

His Feelings Were Hurt  
Santilli's feelings were hurt last January when he couldn't buy a batch of the world champions' season tickets.

Nearly 200 fans have signed at \$13.50 each for round trip rail fare and ball park admission, Santilli said.

The party will have a band along and will carry signs proclaiming they're irked with the Indians. One, said Santilli will read:

"To hell with Bob Hopen Horray for Bing Crosby!" (Hope owns stock in the Cleveland Indians; Crosby has a chunk of the Pirates.)

"It's all in fun," the voluble little jeweler insisted. "We're going to have a great time. I just hope it doesn't rain."

Refused To Take Checks  
Santilli said that when he went to Cleveland last January, he had checks for \$8,100 covering orders for 60-season tickets for himself and friends.

The Cleveland baseball club refused to take the checks and suggested Santilli's friends order individually, instead of through one man.

"I've not been back to a ball game this season," the jeweler said.

Business manager Rude Schaeffer of the Indians said Santilli "misunderstood" the Tribe's attitude on the checks and that several later attempts by the Indians "to rectify it" were to no avail. All orders for large blocks of tickets are scrutinized carefully, Schaeffer said, to assure fair distribution.

## Change Of Scenery Beneficial-Look At Cooper, Sauer

BY JOE REICHLER  
New York, July 8.—(AP)—Does a change of scenery benefit a player?

Well, ask Hank Sauer or Walker Cooper. Better still, take a gander at the achievements of these stalwarts since they changed uniforms three weeks ago, and compare them to their earlier showing.

Their improvement, especially with the stick, has been amazing. Both have looked like completely different ball players.

Sauer, since his shift from Cincinnati to Chicago has become a terror at the plate. In 23 games with the Cubs, hammering Hank has blasted 10 home runs, driven in 24 runs, and built up a .395 batting mark.

7 Homers Since June 16  
Compare that with Sauer's work with the Reds. In 42 games with Cincinnati, Sauer hit only four homers, knocked in only 17 runs and hit barely over his weight—a mere 237.

Cooper's work with the Reds has no less sensational. The big catcher sneaked away from the New York Giants with a lowly .216 figure in 43 games. Cooper collected only four homers and batted in 21 runs. Since joining the Reds on June 16, Cooper has walloped seven round trippers off enemy pitchers, and has sent 20 runs across the plate. His Cincinnati average is .347.

Walker Another Example  
Sauer and Cooper are not only players who have benefited by a change in scenery.

Since his shift from Chicago to Cincinnati, Harry Walker has increased his average 10 points. He hit .264 for the Cubs and is batting at a .288 clip for the Reds. Ditto Peanuts Lowery, who pushed his .270 Chicago average to .292 with the Reds. Walker proved two years ago that a change of scenery was much to his liking. Traded by the St. Louis Cardinals to the Philadelphia Phillies in the spring of 1947, Walker went on to win the batting title.

Edwards, Reich Climbs  
Two other gents who are happy over their new surroundings are Hank Edwards and Herman Reich, both with the Cubs. With Cleveland earlier this season, neither could get going, hitting in the low .200's playing regularly with the new club, Edwards is banging away at a .335 clip, and Reich is three points over that mark.

Charles Kresspin who lost out to Ted Kuszewski in his battle for the regular first base job with Cincinnati, has taken on a new lease on life with the Chicago White Sox. He is currently batting just two points below .300 and is playing a flawless game in the field.

**THE STORY:** Mike McTag, a  
 mining engineer, suspects that ore  
 thieves are responsible for the  
 dropping off of production in the  
 Dark Angel mine. Inherited by  
 Cory Parnell from his father, the  
 mine has been covered, their trail  
 cleverly, using a nearby mine as a  
 dummy to market the stolen  
 gold, silver and copper ore. Just  
 as Mike is about to give up the  
 discovery that the Argus Mine  
 nearby is used to dispose of the  
 stolen minerals. Armed with this  
 knowledge Mike explores the Dark  
 Angel and discovers a hidden exit,  
 through which ore is transported  
 to an abandoned garage where  
 trucks haul it to the mines work-  
 ings. Mike tells his discovery to  
 Cory, but he is afraid to go into  
 the mine, even though he owns it.  
 Finally she asks to be allowed to  
 go on the thieves and to see who  
 they are, although Mike and the  
 mine are sure that "Uncle" Jake  
 Whelan and Archie Trask, two  
 trusted employees, are the thieves.  
 Mike and Cory hide on the roof of  
 the abandoned garage and finally  
 overhear Uncle Jake and Archie  
 discuss their operations.

**XVII**  
 I COULD hear Cory Parnell  
 breathing hard while we lis-  
 tened to Uncle Jake and Archie  
 Trask discuss the process of steal-  
 ing the Dark Angel's high-grade  
 ore, which they were being paid to  
 mine for Cory. I hoped the Parnell  
 temper was under control.  
 "I think I'll go back with John-  
 ny when he brings the next load,"  
 Uncle Jake went on. "I don't like  
 to stay away too long. There's a  
 couple of fellows—"  
 It happened without warning. I  
 was leaning over the parapet of  
 the shed on which we lay listening,  
 when a rotten board suddenly  
 gave under my weight.  
 I grabbed for the edge as I fell  
 but missed and landed square on  
 my back 10 feet below.  
 It knocked every last bit of air  
 out of my lungs. I was conscious,  
 but that was about all you could  
 say for me.  
 I remember hearing Uncle Jake

yell to Archie, "Get up there and  
 see if there's anyone else," and  
 then I heard him say in his usual  
 mild tones, "It's no use making  
 trouble. Mr. McTag, because I've  
 got a gun."  
 He sounded almost apologetic  
 about the whole thing.  
 It took me a full two minutes  
 before I stopped choking and  
 wheezing. Trask was scrounging  
 around on the roof, lighting  
 matches and swearing steadily,  
 and it sounded as if Cory had had  
 time to beat it into the bush up  
 the hill.  
 Trask came down and glared at  
 me. "Anybody with you?"  
 "Sure," I said, "d'you think I'd  
 be fool enough to tackle your  
 crowd single-handed? I've got  
 men posted at the fake entrance to  
 the cross-cut and a blockade down  
 the road to take care of those  
 trucks."  
 "We've got to kill him. But the  
 question is how. We could put him  
 in one of the old drifts and cave  
 in part of the tunnel on him. But  
 we'd have to tie him and if some-  
 body found him before we were  
 ready, it might be unhandy."  
 There was a pause as Uncle  
 Jake studied my case.  
 It gave me an extraordinarily  
 unpleasant feeling to hear the old  
 fellow talk like that. It was as if  
 some venerable old person whom  
 you had known all your life sud-  
 denly let loose a blasphemous oath.  
 I hoped Cory was good at long-  
 distance running and wondered  
 what help she would get. If I  
 could stall long enough I didn't  
 have anything to worry about—  
 that is, not much. There had to be  
 some honest men in the townsite.  
 "I THINK the best plan," Uncle  
 Jake went on absently,  
 "would be to have Turner's crew  
 find him tomorrow morning in an  
 ore chute. We could dump him  
 10 tons on top and arrange him so  
 he'd be busted up enough to hide  
 any bullet holes."  
 He said it so casually I shivered.  
 I decided I'd better start a delay-  
 ing action pronto.  
 "I've got to hand it to you fel-  
 lows," I said, "the way you fooled  
 me. But there's one thing I still  
 don't get. On Wednesday, Jake, I  
 saw plenty of high grade in the  
 cars and in the mill bunker. What  
 I want to know is why it didn't  
 show up in Thursday's car of con-  
 centrates?"  
 Uncle Jake looked at Trask who  
 nodded. "Tell the guy—it doesn't  
 matter. He won't be telling any-  
 body anything."  
 "It was quite simple," Uncle  
 Jake said. "We knew you'd be  
 nosing around. We kept a layer  
 of high-grade on top, just to make  
 it look nice."  
 (To Be Concluded)

The boyhood home of General  
 Dwight D. Eisenhower at Amilene,  
 Kansas was dedicated as a national  
 shrine June 22, 1947.
